Description of problem:							
<i>Please be thorough with your description of the problem! If you let us know about any attempt to repair this problem it will generally help us fix your board faster.</i>							
Signature				Date			
I authorize Arcadecomponents.com to repair my game board. I understand that any boards left for longer than 30 days become the property of Arcadecomponents.com to be sold to recover the repair costs. I understand that flat rate charges do not apply to boards that require major repairs in addition to the flat rate problem fix, to boards with extensive physical damage, boards stuffed with defective ICs, or boards with extensive electrical damage. This electrical damage includes but isn't limited to damage from lightning, static discharges, defective power supplies, or incorrect wiring in the cabinet.							
Shipping for repaired boards will be custom quoted.							
Payment types accepted: USPS Postal Money Orders, PayPal directly or through our web site's shopping cart, and Visa/MasterCard payments through our web site only.
